THE PROFESSIONAL
DEPUTIES FORUM

The aim of The PDF is to support and contribute to the work of professional deputies and those who work alongside them on matters concerning vulnerable adults who lack or have limited mental capacity.

A forum for solicitors and legal executives who act as professional deputies and those who work alongside them to share news, views and best practice, while also providing a collective voice to act as a conduit between its members and third parties such as the Office of the Public Guardian, the Ministry of Justice, the Court of Protection and the Law Society.

The PDF is firmly established as the focal point for all professional deputies and runs a series of successful events throughout the year of varying types and sizes that offer training, networking, both in-person and online.

Our Corporate members are key in supporting the PDF and its members carry out their work and there are several ways that you can get involved.
